

S.A.L.T. Meeting

April 6, 2004

Member business:

REVIEW from March meeting

- √ Low turnout.
- √ **Discuss Server Security** – more aligned with training objectives for Sysadmins

Today

⇒ Training opportunities: MCSE and MCSA—8 interested looks like needs to be on a weekday to fit all 8 individual's schedules. Are there more of you?

⇒ Trace Woodbury, School of Management, reviews Freeware Tools

Links provided:

- Presentation based on http://vascan.org/training/unix_security.html “Freeware Security Tools You Need”
 - Knoppix <http://www.knoppix-std.org/> includes most of the utilities built in
- ⇒ Center for Internet Security Benchmark/Security Tools <http://www.cisecurity.com>
